RE: Docket No. 98N-1265

Dear Friends:

I am writing to urge that MOU be amended. In its present form, this and Compounding Section 503A of the Modernization Act, severely restrict patients and physicians rights to choose the provider we will use – including compounded medications.

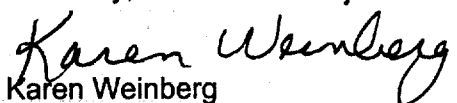

Of course, the FDA needs to monitor and report on safety issues affecting the public and this is an invaluable role.

But, this does not apply in the above case.

Please help to protect our right to choose.

Thank you.

Sincerely,

Karen Weinberg
